

SkillsTo Drive PRODUCT

ITI's SkillsTo Drive is the industry's most comprehensive road skills testing product. Whether testing for a standard driver license or CDL, with the ability to track the test taker step-by-step, you ensure testing accuracy and fraud prevention.

REDUCE FRAUD

Applicant image capture capability allows photos before during, and after testing to reduce test-taker and proctor fraud.

NO UPFRONT COST

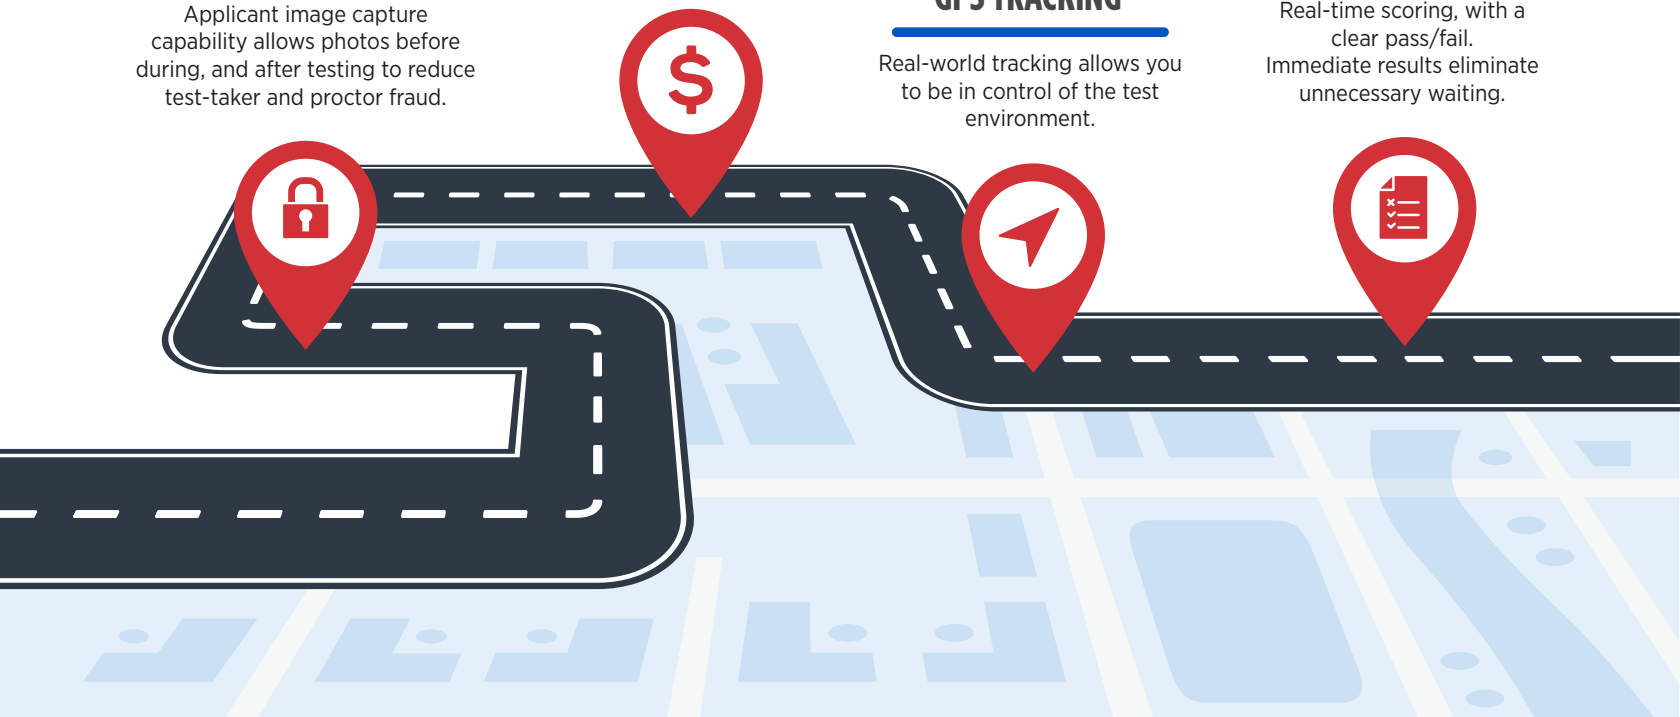

Transactional model covers everything—tests, equipment, and any changes. No capital outlay.

GPS TRACKING

Real-world tracking allows you to be in control of the test environment.

AUTOMATIC SCORING

Real-time scoring, with a clear pass/fail. Immediate results eliminate unnecessary waiting.

ENHANCED SECURITY

Meets federal security requirement for covert monitoring

System checks to ensure the most accurate data

REAL-TIME REPORTING & AUDITING

Know when and where tests are being conducted using GPS tracking

Only skills test that is AAMVA and FMCSA federally certified for CDL

Building motor vehicle efficiency through
secure solutions and innovative services.
