

Fulfillment PRODUCT

ITI's Mail Fulfillment product integrates and optimizes the ability to print and mail highly secure DMV materials to customers. Fulfillment increases the speed, customer service, and visibility of mailings while reducing mailing costs.

SCALABLE AUTOMATED OPERATIONS

Leverage an existing network of facilities, technology, and labor without having to find or build it yourself.

DELIVERABLE ACCURACY

All pieces are scanned and secured at every step of the process, ensuring 100% deliverable accuracy.

REDUCE COST

Pre-sorting, householding, and process efficiencies allow you to save on postage and fulfillment expenses.
